

## Autumn Newsletter Request

Hello Everyone

I am about to start the autumn edition of the National Family Learning Network Newsletter and to do so need from you lots of articles and information on the work that you have been doing for families via family learning.

As you all know, the Newsletter is an excellent way of sharing information and celebrating success.

I would therefore really appreciate it if you could send me any items of interest that you would like to have included in the autumn edition of the Newsletter.

These can be related directly to your work with families, or you may wish to highlight publications and resources that you have found particularly valuable that others may also be able to use effectively.

The deadline for publication is early November, so I would like to start receiving your contributions as quickly as possible and at the latest by Monday 27th October - so quite a quick turnaround.

Please send them directly to me by e mail to [awarren@cflearning.org.uk](mailto:awarren@cflearning.org.uk)

I look forward to hearing from you.

Best Wishes

Alison Warren
