

A+MT will continue to offer a full range of services from ICE: business support for new cultural and creative businesses, mentoring, master classes, information, advice and training. In addition, ICE will enable A+MT to develop new projects, partnerships and collaborations to support a vibrant cultural sector by encouraging practitioners to grow creatively and build sustainable businesses.

A+MT will continue to nurture work and experimentation by fostering participation, encouraging discussion and debate and by forging relationships and partnerships with regional and national constituencies as well as local arts communities.
