Everyone Matters in a Sustainable Community

The role for the Third Sector in Ensuring a Strong, Healthy and Just Society in the West Midlands

This conference aims to understand and record Third Sector perspectives on the links between policy and existing good practice in the West Midlands. This will directly support the emergence of genuinely sustainable policies at a regional and European level.

By attending this event, you will help to:

-  Raise the profile of the contribution made by the Third Sector in regional sustainability issues through the dissemination of good practice;
-  Identify opportunities for developing policy, joint projects and initiatives to improve important aspects of regional Sustainable Development performance. This will be achieved through workshops;
-  Provide a well-managed forum to explore how projects link policy to practice as well as identify successes, barriers and recommendations to be taken forward to the plenary session.

Booking deadline: Monday 22nd June 2009.

Places at this **FREE** event are limited and will be allocated on a first-come-first-served basis. Please visit the RAWM website www.rawm.org.uk to download a booking form.
